A new type of Tog-L-Loc®- where form meets function.

Oval-Loc® was born from the vision of combining our popular Tog-L-Loc® round clinch joint with the rotation resistance of our Lance-N-Loc® sheet metal joining system. The Oval-Loc® process features the leak-proof and long tool life characteristics of a traditional Tog-L-Loc® joint, but also provides improved strength.

Contact BTM today to learn more about Oval-Loc® clinching!
